

init\_anim\_img

```
graph LR; A[init_anim_img] --> B[make_animated_img]; B --> C[make_img];
```

A flowchart illustrating a three-step process. The first step, 'init\_anim\_img', is contained within a gray rectangular box. A blue arrow points from this box to a white rectangular box containing the second step, 'make\_animated\_img'. Another blue arrow points from the second box to a third white rectangular box containing the final step, 'make\_img'. All boxes have a thin black border.
